- During the first week in July 1950 road barriers were built on the road between Zelezna Ruda (N50/Q07) and Susice, on the road between Zelezna Ruda and Gerlova Hut, and on the road between Gerlova Hut and Klatovy. These barriers consist of stone pillars on either side of the road between which are suspended logs at night. In the same area anti-tank ditches, about 12 meters long and four to six meters wide have been dug.
